PROFILE

Ambitious individual looking for platforms to explore real-life applications of Computer Science. Strong creative and analytical skills. Team player with an eye for detail. Strengths include communication and ability to stay calm under pressure.

SKILLS

Programming languages: C++, C, Python

Web Technologies: HTML, CSS, JavaScript, React, Flask, Dart, Flutter, Ruby On Rails(basic)

ML/AI: Tensorflow, Numpy, Pandas

Course Work : Operating Systems, Databases, Cryptography, Data Structures and Algorithms

Mathematics: Discrete Maths, Linear Algebra

EDUCATION

National Institute of Technology Karnataka, Surathkal

2020– present

Bachelor of Technology in Computer Science and Engineering

CGPA – 7.97

Velociity Junior College, Hyderabad

2017–2019

Pre–University Education

Grade – 96.8%

PROJECTS

HYBRID CRYPTOGRAPHY ALGO FOR CLOUD

- Constructed a Hybrid Crpytography Algorithm for secure transmission of data to and from the cloud based on observations from relevant research paper.

AIRLINE DATABASE MANAGEMENT SYSTEM

- A practical website to book air tickets, and perform various cancellations, reschedulings...
- Also includes admin access to modify flight schedules. Permission on login.

AN OPERATING SYSTEM SIMULATOR

- A live simulator of various algorithms such as Banker's algo used by an OS to run and schedule tasks.

BLOG APPLICATION USING FLUTTER

- Built a responsive app using Flutter and Android Studio that allowed users to contribute and browse through various informative essays.
- Built features of Object Oriented Programming using Dart Programming Language. Presented the blog-app to a council of IEEE student members.

EXTRA CURRICULAR

- NITK Women's Badminton Team Captain
- Member of National Service Scheme (NSS)
- Member of ENGINEER 2022–2023 Squad
- Internship Co-Ordinator for the year 2022–23.

ACHIEVEMENTS

- JEE ADVANCE 2020 AIR – 2739 in Open Category
- JEE MAIN 2020 AIR – 2934 in Open Category
